May's Old Kona Coffee

People often wonder why MAY'S OLD KONA COFFEE is so good. Its virtue lies in its age. The coffee was bought years ago and has been carefully stored until now. Most of the island coffee is too new. The new coffee bean contains a good deal of acid which doesn't agree with folks at all inclined to be rheumy. The older a coffee bean is, the better. There's another reason yet for the excellence of May's Old Kona Coffee. It is roasted and ground fresh every day. PRICE 25 CENTS PER POUND.
